- 1.1 iFountain grants to Customer for the quantity and parameters of use set forth on any Order under this Agreement a nonexclusive, nontransferable, perpetual limited license to use the number of copies of the object code version of such software inclusive of applicable user documentation (collectively the "Software") at the Customer Site specified in an Order.
- 1.2 Customer may use the Software only at the location specified and only for the purpose of either: (1) evaluating whether Customer wishes to license the Software from iFountain for production use OR (2) production use, provided that the appropriate contracts have been executed and payment submitted to iFountain.
- 1.3 Any use, modification, reproduction, release, performance, display or disclosure of the Software and/or the user documentation by the U.S. Government or any of its agencies shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement. The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFAR Section 227.7202 and FAR 12.212(b), as applicable. Any technical data provided that is not covered by the above provisions is deemed to be "technical data-commercial items" pursuant to DFAR Section 227.7015(a). Any use, modification, reproduction, release, performance, display or disclosure of such technical data shall be governed by the terms of DFAR Section 227.7015(b).

2 PAYMENT

- 2.1 All fees are due and payable within thirty (30) days from receipt of iFountain's applicable invoice. The fees identified on the Order(s) are exclusive of taxes and duties. Customer agrees to pay any and all taxes and duties that may be imposed by any taxing authority in connection with the Agreement, excluding taxes based on iFountain's income or franchise taxes. Past due amounts are subject to a late charge equal to the lesser of 1 1/2% per month or the maximum amount allowed by law. Acceptance of Software ("Acceptance") that iFountain has agreed to install occurs (i) upon successful completion of iFountain's standard installation procedures which demonstrate conformance to the applicable iFountain published specifications, or (ii) thirty (30) days after shipment if Customer causes a delay in such installation, and for all other Software occurs fourteen (14) days after shipment.

3 TITLE, CONFIDENTIALITY

- 3.1 The Software and all intellectual property rights related thereto (the "Proprietary Information") constitute trade secrets and proprietary data of iFountain and any third party from whom iFountain has received marketing rights, and nothing in this Agreement shall be construed to convey any title or ownership rights to Customer. Customer shall use best efforts to safeguard the confidentiality of the Proprietary Information and any other information marked as confidential by iFountain. Customer agrees to receive and hold in confidence and not disclose, except as explicitly allowed hereunder, the Proprietary Information to any third parties. Customer may disclose Proprietary Information to consultants under contract with Customer, provided all such consultants are bound to Customer in writing by confidentiality terms no less restrictive than those of this Agreement. Customer shall not allow the removal or modification of any proprietary notice made part of the Software and must reproduce all proprietary rights notices on any copies of the Software made pursuant to this Agreement. Customer acknowledges that iFountain and any third party providing marketing rights shall have the right to take all reasonable steps to protect their proprietary interests and shall be entitled to seek injunctive relief and any other legal or equitable remedies. All enhancements, intellectual property rights and/or modifications to the Software shall also be owned by iFountain or the respective third party, shall constitute Software, and shall be subject to these provisions. iFountain, with reasonable prior notice, shall have the right to audit the usage of the Software and Customer's compliance with this Agreement. Customer agrees to respond to semi-annual audit letters confirming the usage of the Software.
- 3.2 The Software may have asset protection devices that restrict installation if the Software is used or moved in an unauthorized manner.

4 TERMINATION

- 4.1 In addition to other termination rights granted herein, this Agreement may be terminated by either party upon written notice, provided the basis for such termination is a material failure by the other party to perform its obligations hereunder and such failure is not corrected within thirty (30) days

from the date such notice is received. Upon termination, Customer shall promptly discontinue use of the Software and return all copies of the Software and related materials in its possession or control to iFountain or certify to their destruction. The provisions of Sections 3, 8, 9 and 12 shall survive expiration or termination.

5 MAINTENANCE

- 5.1 The first annual maintenance period for Priority Maintenance ("Maintenance") shall commence upon iFountain's acceptance of any Order. Maintenance shall automatically renew for additional terms of one (1) year each commencing on the first day following the expiration of the then-current annual maintenance period ("Renewal Date"). Annual Maintenance will be calculated at the a rate set forth in the applicable Order. Customer may terminate Maintenance for any licensed Software by providing written notification to iFountain at least sixty (60) days prior to the next Renewal Date. Customer shall identify to iFountain one (1) person and one (1) alternate person to serve as Customer's support contact ("Customer Contact"). Only a Customer Contact may request Maintenance from iFountain. Customer may change the Customer Contact by prior written notice to iFountain. Maintenance includes (i) telephone support and (ii) correction of errors to keep the Software in conformance with the user documentation (e.g., releases, modifications, refinements and enhancements) which are provided to iFountain's general client base at no additional charge (the "Refinements"). iFountain will provide one copy of Refinements to the Customer Site and Customer may copy and distribute each such Refinement to the locations at which a licensed copy of the Software is installed and in use. For so long as iFountain is offering Maintenance for the Software, and provided Customer has paid the applicable invoice, Maintenance will be provided and renewed in accordance with iFountain's standard Maintenance policies in effect at the time of Maintenance subscription or renewal. If Customer fails to pay any Maintenance invoice on or before the commencement of any Maintenance period, Customer's right to receive Maintenance will terminate. Such discontinuance will not affect Customer's right to use the Software or void the license rights granted hereunder. Maintenance fees are nonrefundable. iFountain may assign its duties of Maintenance to a third party, provided that iFountain will remain responsible for the actions of such third party.

6 LIMITED WARRANTY

- 6.1 If at any time within the period ending thirty (30) days from the Effective Date of the applicable Schedule, the Software delivered thereunder substantially fails to perform the functions described in the applicable Software user documentation, Customer shall promptly notify iFountain in writing of such alleged nonconformance. To the extent such deficiency exists in a current unaltered release of the Software, iFountain shall, at its own cost and expense, either correct such deficiency or advise Customer how to achieve substantially the same functionality with the Software through a procedure different from that set forth in the documentation. iFountain will undertake commercially reasonable efforts to effect the correction or provide advice pursuant to the foregoing warranty within 30 days of being so notified. Should iFountain fail to do either, Customer may, as its sole remedy, upon giving iFountain written notice within five days of such failure terminate the license to the affected Software, return such Software and receive a refund of all license fees paid by Customer for such Software. iFountain does not warrant that use of the Software will be uninterrupted or that the operation of the Software will be error-free or secure, and iFountain hereby disclaims any and all liability on account thereof. In such event, Customer shall give iFountain prompt written notice of any claim and iFountain shall have sole control of the defense, settlement or compromise. Customer may elect to participate in any such action with an attorney of its own choice at its own expense. Should any Software become, or in iFountain's opinion is likely to become, the subject of a claim of infringement, iFountain may at its option (i) procure for Customer the right to continue using the Software, or (ii) replace or modify the Software to make it non-infringing, or (iii) terminate the license for the affected Software. Upon termination of the license, iFountain will refund to Customer, as iFountain's sole liability and Customer's sole remedy, all license fees paid by Customer for the terminated license less an amount equal to one sixtieth of such license fees for each month or portion thereof that has elapsed since the Effective Date of the applicable license. The foregoing states the entire liability of iFountain with respect to any claim of infringement.

- 8.1 Customer acknowledges and agrees that (i) failure to implement all Refinements supplied by iFountain as a part of Maintenance and (ii) any attempts by Customer to alter any Software without iFountain's written direction or consent, will be at Customer's sole risk and may render the Software unusable or nonconforming to the applicable user documentation. In no event will iFountain have any obligation to support or maintain any Software that is misused, modified without iFountain's prior written consent, or any Software for which Refinements have not been applied. iFountain is not be responsible or liable for warranty or infringement claims, Software errors or any nonconformance with the applicable user documentation if such claims arise out of or are related to (i) any alteration or modification made by Customer without the prior written consent of iFountain; (ii) Customer's failure to implement any Refinements; (ii) Customer's misuse of the Software or (iv) the use or combination of the Software with software or other items not provided by iFountain.
